

Step	Action	Expected results	Status	Actual result	Prioprtly	Status
Prereq: The user has a valid phone number or email to sign up with						
1	Validate leaving First name field empty				Medium	
1.1	Navigate to sign up page	- Sign up not successful	Ready to test			
1.2	Leave First name field empty	- Error massege appear for the user to alert him for issue				
1.3	Provide valid data in all other fields and submit	- First name field must be highlighted when user's pointer on it				
2	Validate leaving Surname field empty				Medium	
2.1	Navigate to sign up page	- Sign up not successful	Ready to test			
2.2	Leave Surname field empty	- Error massege appear for the user to alert him for issue				
2.3	Provide valid data in all other fields and submit	- Surname field must be highlighted when user's pointer on it				
3	Validate leaving Mobile number and email address field empty				Medium	
3.1	Navigate to sign up page	- Sign up not successful	Ready to test			
3.2	Leave email field empty	- Error massege appear for the user to alert him for issue				
3.3	Provide valid data in all other fields and submit	- Email field must be highlighted when user's pointer on it				
4	Validate leaving password field empty				Medium	
4.1	Navigate to sign up page	- Sign up not successful	Ready to test			
4.2	Leave password field empty	- Error massege appear for the user to alert him for issue				
4.3	Provide valid data in all other fields and submit	- password must be highlighted when user's pointer on it				
5	Validate leaving gender empty empty				Medium	
5.1	Navigate to sign up page	- Sign up not successful	Ready to test			
5.2	Leave gender field empty	- Error massege appear for the user to alert him for issue				
5.3	Provide valid data in all other fields and submit	- Gender field must be highlighted when user's pointer on it				
6	Verify providing numbers and special characters in First name				Medium	
6.1	Navigate to sign up page	- Sign up not successful	Ready to test			
6.2	Validate providing numbers and special characters in First name field	- Error massege appear for the user to alert him for issue				
6.3	Provide valid data in all other fields and submit	- First name field must be highlighted when user's pointer on it				
7	Verify providing numbers and special characters in Surname				Medium	
7.1	Navigate to sign up page	- Sign up not successful	Ready to test			
7.2	Validate providing numbers and special characters in Surname field	- Error massege appear for the user to alert him for issue				
7.3	Provide valid data in all other fields and submit	- Surname field must be highlighted when user's pointer on it				
8	Verify providing very short First name				Medium	
8.1	Navigate to sign up page	- Sign up not successful	Ready to test			
8.2	Validate providing very short First name "e.g : M"	- Error massege appear for the user to alert him for issue				
8.3	Provide valid data in all other fields and submit	- First name field must be highlighted when user's pointer on it				
10	Verify providing very long First name				Medium	
10.1	Navigate to sign up page	- Sign up not successful	Ready to test			
10.2	Validate providing very long First name more than 50 characters	- Error massege appear for the user to alert him for issue				
10.3	Provide valid data in all other fields and submit	- First name field must be highlighted when user's pointer on it				
11	Verify providing very short Surname				Medium	
11.1	Navigate to sign up page	- Sign up not successful	Ready to test			
11.2	Validate providing very short Surname "e.g : D"	- Error massege appear for the user to alert him for issue				
11.3	Provide valid data in all other fields and submit	- Surname field must be highlighted when user's pointer on it				
11	Verify providing very long Surname				Medium	
11.1	Navigate to sign up page	- Sign up not successful	Ready to test			
11.2	Validate providing very short Surname more than 50 characters	- Error massege appear for the user to alert him for issue				
11.3	Provide valid data in all other fields and submit	- Surname field must be highlighted when user's pointer on it				
12	Verify a short mobile number				Medium	
12.1	Navigate to sign up page	- Sign up not successful	Ready to test			
12.2	Validate a short mobile number "e.g: 1234"	- Error massege appear for the user to alert him for issue				
12.3	Provide valid data in all other fields and submit	- Mobile number field must be highlighted when user's pointer on it				
13	Verify a long mobile number				Medium	
13.1	Navigate to sign up page	- Sign up not successful	Ready to test			
13.2	Validate a long mobile number "more than 15 digits"	- Error massege appear for the user to alert him for issue				
13.3	Provide valid data in all other fields and submit	- Mobile number field must be highlighted when user's pointer on it				
14	Verify a space in the mobile number				Medium	
14.1	Navigate to sign up page	- Sign up not successful	Ready to test			
14.2	Validate providing a space in mobile number	- Error massege appear for the user to alert him for issue				
14.3	Provide valid data in all other fields and submit	- Mobile number field must be highlighted when user's pointer on it				
15	Verify Copy/Paste the mobile number from another website or application				Medium	
15.1	Navigate to sign up page	- Sign up not successful	Ready to test			
15.2	Verify Copy/Paste the mobile number from another website or application	- Error massege appear for the user to alert him for issue				
15.3	Provide valid data in all other fields and submit	- Mobile number field must be highlighted when user's pointer on it - there is no space before copied number				
16	Verify write email address in wrong format				Medium	
16.1	Navigate to sign up page	- Sign up not successful	Ready to test			
16.2	Verify writing email address in wrong format "e.g: aaa55@gmail.com"	- Error massege appear for the user to alert him for issue				
16.3	Provide valid data in all other fields and submit	-Email address field must be highlighted when user's pointer on it - suggest a valid formila for the user				
17	Verify write email address in a mistake in format				Low	
17.1	Navigate to sign up page	- Sign up not successful	Ready to test			
17.2	Verify write email address in a mistake in format "saber@gamil.com"	- Error massege appear for the user to alert him for issue				
17.3	Provide valid data in all other fields and submit	- Email field must be highlighted when user's pointer on it - suggest a valid formila for the user				
18	Validate a password with less than 6 digits				Low	
18.1	Navigate to sign up page	- Sign up not successful	Ready to test			
18.2	Validate a password with numbers less 6 digits [e.g aa2@]	- Error massege appear for the user to alert him for issue				
18.3	Provide valid data in all other fields and submit	- Password field must be highlighted when user's pointer on it - suggest a valid password restricions for the user				
19	Validate a password without letters				Low	
19.1	Navigate to sign up page	- Sign up not successful	Ready to test			
19.2	Validate a password without letters [12345@]	- Error massege appear for the user to alert him for issue				
19.3	Provide valid data in all other fields and submit	-Password field must be highlighted when user's pointer on it - suggest a valid password restricions for the user				
20	Validate a password without numbers				Low	
20.1	Navigate to sign up page	- Sign up not successful	Ready to test			
20.2	Validate a password without numbers [asd@#h]	- Error massege appear for the user to alert him for issue				
20.3	Provide valid data in all other fields and submit	- Password field must be highlighted when user's pointer on it - suggest a valid password restricions for the user				
21	Validate a password without special characters				Low	
21.1	Navigate to sign up page	- Sign up not successful	Ready to test			
21.2	alidate a password without special characters [sabr25]	- Error massege appear for the user to alert him for issue				
21.3	Provide valid data in all other fields and submit	- Password field must be highlighted when user's pointer on it - suggest a valid password restricions for the user				
22	Validate providing a date of birth less than 13				Low	
22.1	Navigate to sign up page	- Sign up not successful	Ready to test			
22.2	Validate providing a date of birth less 13	- Error massege appear for the user to alert him for issue				
22.3	Provide valid data in all other fields and submit	- Date of birth must not be similar to date of today				
23	Validate providing a date of birth more than 120				Low	
23.1	Navigate to sign up page	- Sign up not successful	Ready to test			
23.2	Validate providing a date of birth more than 120	- Error massege appear for the user to alert him for issue				
23.3	Provide valid data in all other fields and submit	- Date of birth must not be larger than 120 years
